Confidential

This binder contains information of Sen. Mike Duffy's travel during the years 2009 - 2012.

Tab #1 contains a copy of Sen. Duffy's response to the Senate auditor, and includes a copy of the letter written by Dr Marc Ruel, head of the Ottawa Heart Institute.

The detailed diary sheets are highlighted to show when Sen. Duffy was on and travelling to PEI.

Other highlights show PA – Public Appearances by Sen. Duffy on public business. Some of the expenses for these trips were charged to The Senate; at other times, the host group paid.

Since his appointment, Senator Duffy has made major improvements to his property in Cavendish to turn it from a summer home into a permanent residence capable of being used year-round.

In phase one, all of the windows were replaced, and the insulation increased. Electric and propane heating was added.

In phase 2, a six foot foundation was poured, the basement insulated, and the drive hardened with crushed stone to make it passable in wet spring weather.

Jill Anne Joseph, CIA, CGAP
Director Internal Audit and Strategic Planning
Room 146-N Centre Block
The Senate of Canada, Ottawa, ON K1A 0A4

Dear Ms. Joseph:

In response to your letter of Dec. 13, 2012; I am pleased to enclose;

- A copy of my PEI driver's licence.
- A letter from my accountant re: PEI income tax;
- A letter from Health PEI acknowledging my application for a PEI health care card.

At the time I was appointed to the Senate, I will still in the post-op period following open heart surgery at the University of Ottawa Heart Institute. I was advised that the best way to ensure easy access to the Heart Institute was to maintain my OHIP card.

I am entitled to vote in PEI, but have not done so.

In addition, I am attaching a photo of my primary residence in Cavendish.

I trust this answers your questions.

Yours truly,

Hon. Mike Duffy
Senator

RE: Senator Michael Duffy

Dear Senator Tkachuk:

Senator Michael Duffy has given me permission to write you about his cardiac status. Mr. Duffy has been receiving cardiac care at the University of Ottawa Heart Institute since a heart attack in 1992. That care intensified in 2006, when Sen. Duffy underwent open-heart surgery, which I performed.

Postoperatively, Mr. Duffy has done generally well but continues to experience angina, due to some degree of coronary artery stenosis that we are regularly monitoring. At the time of his appointment to the Senate, the question of his continuing cardiac care was raised. The cardiac team supported that he stay with his current cardiologist and care team rather than strike out in a new direction. Consequently, he continues to be followed here at the University of Ottawa Heart Institute; in this regard, it should be noted that Prince Edward Island does not have a cardiac surgery program.

Sincerely,

Marc Ruel, MD, MPH, FRCSC, FAHA

Professor and Head, Division of Cardiac Surgery

Duffy housing flap raises questions about Wallin's eligibility to sit in Senate

Friday, February 08, 2013 4:39 PM

Controversy over potential abuse of a Senate housing allowance by Mike Duffy spills over to include Saskatchewan Senator Pamela Wallin.

OTTAWA - (CP) Controversy over potential abuse of a Senate housing allowance by Mike Duffy has mushroomed into a bigger question: Is he entitled to sit in the Senate at all?

...

At issue is whether they reside in the provinces they were appointed to represent, as required by the Constitution.

The Senate's internal economy committee is seeking legal advice as to whether Duffy, who owns a home in Ottawa, is actually resident in Prince Edward Island, where he owns a cottage.

Committee chair David Tkachuk says Duffy spends more than 60 days a year on the island.

But whether that's enough to qualify as a resident is murky, since the Constitution doesn't define the term.
